

SERVICES YOU PROVIDE

ArcPoint Consulting, LLC is an AI governance advisory firm that helps agencies and prime contractors establish organizational control over how AI influences mission-critical decisions. The firm moves clients beyond AI experimentation and into controlled, accountable, and scalable adoption through governance structures, oversight systems, and operational controls.

CORE CAPABILITIES

- AI Governance & Compliance Implementation**
Policies, control structures, and audit-ready documentation aligned to the OCP standard AI contract clauses, MO 2024-028, and the OCTO AI/ML Governance Policy, supporting your subcontracting plan obligations.
- AI System IV&V**
Independent assessment of bias, traceability, and alignment with regulatory expectations, producing the evidence your prime contract already requires.
- Lifecycle Controls & Documentation**
AI Factsheet drafting and maintenance, model/system cards, human-oversight procedures, change management, decommissioning, the artifacts that flow down through your subcontract.
- AI Workforce Enablement & Governance Adoption**
Role-based programs for your program staff clarifying decision authority and escalation pathways under the values-alignment mandate.
- AI-Enabled Program & PMO Support**
Embeds AI governance into program delivery, including proposal-ready AI governance sections for bid response.

CERTIFICATIONS

- DC Certified Business Enterprise (CBE)
- IAPP AI Governance Professional (AIGP)
- CDP Certified AI Consultant

RELEVANT EXPERIENCE

- 28 years (1997–2025) as Senior Principal Engineer, Hughes Network Systems (EchoStar). Governed regulated, mission-critical production systems spanning 30,000+ remote sites at 99.9% uptime; 80% reduction in provisioning time through zero-touch orchestration.
- Independent AI Values Alignment Assessment of DC Compass (OCTO / Esri / Azure OpenAI), a live DC government AI deployment. Conducted from public sources against MO 2024-028, the OCTO AI/ML Governance Policy, and clauses E.1–E.4; twenty scored findings, principal-signed.

WHY ARCPOINT

Certified Small Business Fit

Meets the subcontracting requirement directly, not as a fallback certification.

No Pass-Through

One hundred percent self-performed by the principal.

Governance-First Architecture

Governance built in before deployment, not retrofitted after the fact.

Senior-Led, Non-Exclusive

Every engagement led by the principal; never positioned against a partner on the same solicitation.

Vendor-Neutral

We earn no referral fees. Our findings serve your interests only.
